

Health & Safety Policy Statement

It is our policy to perform work in the safest practicable manner, consistent with good practice. The health and safety of our employees and all those likely to be affected by our operations is the responsibility of the management and as a priority it ranks equally with production and profit. Adequate resources will be made available to ensure the success of this policy.

It is the duty of management to do everything practicable to prevent injury and ill health. It is equally the duty of each employee to exercise personal responsibility for his or her own safety and that of others, as required by law.

All employees are to be aware that, in the event of any conflict between the demands of production and safety, they will receive management support if it is necessary to choose the safety of employees or third parties as the priority.

It is our policy to adhere completely to the requirements of the Health and Safety at Work etc. Act 1974; the Management of Health and Safety at Work Regulations; the Factories Act; the Offices, Shops and Railway Premises Act; the Construction Regulations and all Regulations and Codes of Practice made under the Acts which affect our operations.

The attention of all personnel is directed to this Health and Safety Policy and to its Appendices. Any revisions will be incorporated when necessary, and these will also be brought to the attention of all personnel.

Climate Facilities management is committed to comply with this Policy and to ensuring compliance by others.

This Policy shall be reviewed for adequacy annually.

The foregoing is the statement of the policy of Climate Facilities on the health and safety at work of all employees. It has been prepared after due consultation with those involved in its operation and has the full backing and authority of the Directors.

Every employee joining the Company will be made aware of this document.
